# HOW TO ACTIVATE ENHANCED SOUND SET

Quick and Easy. Step-by-Step.

**ATTENTION:**

- This is a paid feature, valid for 1 month per controller.
- There is a 3 month trial period available to test out all security features
- You can purchase the feature on our website by clicking Purchase Feature.

Video Tutorial

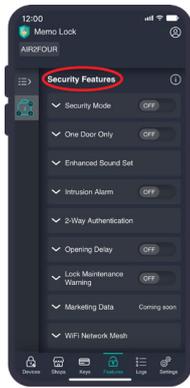

**IMPORTANT:**

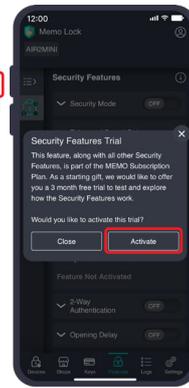

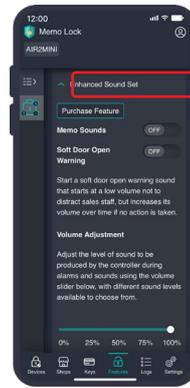

- The Enhanced Sound Set contains a collection of different sound features including: **MEMO SOUNDS, SOFT DOOR OPEN WARNING** and **VOLUME ADJUSTMENT**.
- This provides control over the type of sound the controller produces in various scenarios, as well as the volume at which they are heard.
- This helps to provide a more discreet and customizable way to your system.

Open the app.  
In the bottom menu, select "Features".

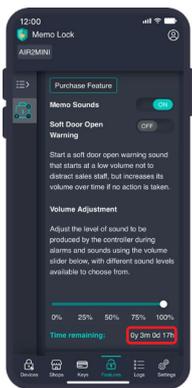

On the displayed screen, locate the Security Features list.

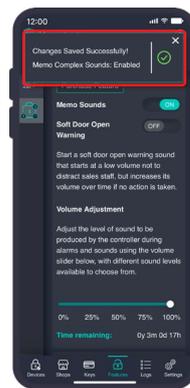

Enable a feature within "Enhanced Sound Set" selection.

If not purchased, a pop-up will be shown to start the 3-month free trial period.

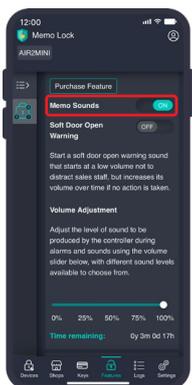

Once activated, the feature will be enabled, and you can see the time remaining for the feature at the bottom.

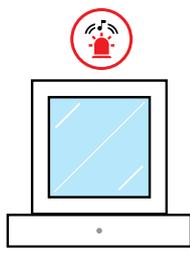

A confirmation message will appear automatically: "Changes Saved Successfully!"

## Memo Sounds

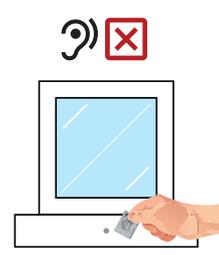

When enabling "Memo Sounds", new sound for different scenarios will be used, such as:

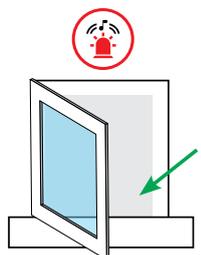

Device startup

Accepted Key presentation

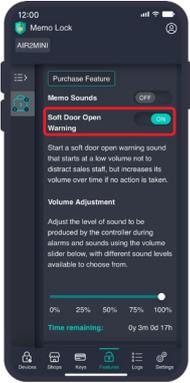

Rejected Key presentation

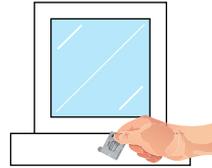

Intrusion alarm

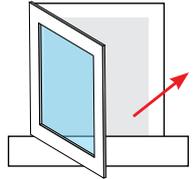

## Soft Door Open Warning

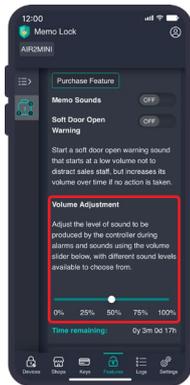

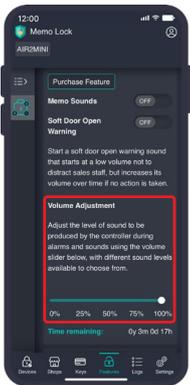

When enabled, “Soft Door Open Warning” this feature allows the “Open Door Warning” sound to start at a low volume to not distract sales staff, but increases over time if no action is taken.

After 30 seconds, the sound alert will be triggered.

## Volume Adjustment

Use the provided “Volume Adjustment” slider to control the volume of the controller.

This will set the volume level for all the sounds produced by the controller.

## CONCLUSION

By following this guide, you will be able to **SET UP** your system consisting of **MEMO AIR2-LINE** and **DEM EVO3** devices using **MEMO LOCK APP**. For additional support, contact the MEMO team via the official website or the technical support information provided in the product materials.

Thank you for choosing the most versatile and powerful security system.
