HOW TO ACTIVATE SECURITY MODE

Quick and Easy Step-by-Step

ATTENTION:

- This is a paid feature, valid for 1 month per controller.
- There is a 3 month trial period available to test out all security features.
- You can purchase the feature on our website by clicking Purchase Feature.

Video Tutorial

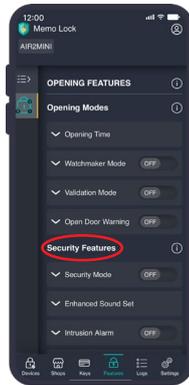

IMPORTANT:

- This security feature sets the lock into locking position immediately when a door is opened.
- This means that, at the very moment one door is opened, all other locks automatically lock.
- By presenting the Access Key again, you can open another door even if the first one is still open.

Open the app.
In the bottom menu, select "Features".

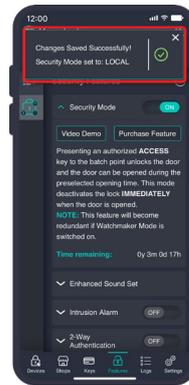

On the displayed screen, locate the Security Features list.

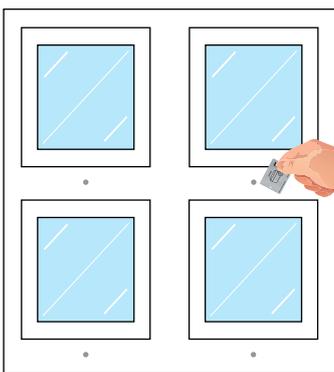

Enable the "Security Mode" option.
If not purchased, a pop-up will be shown to start the 3-month free trial period.

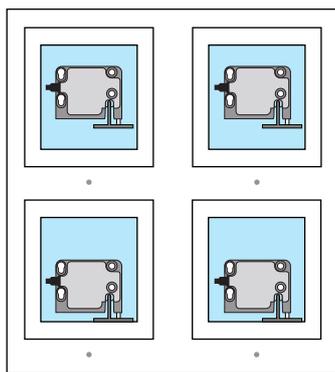

Once activated, the feature will be enabled, and you can see the time remaining for the feature at the bottom.

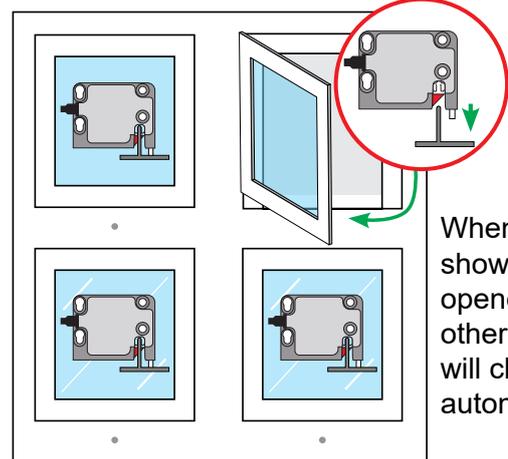

A confirmation message will appear automatically: "Changes Saved Successfully!"

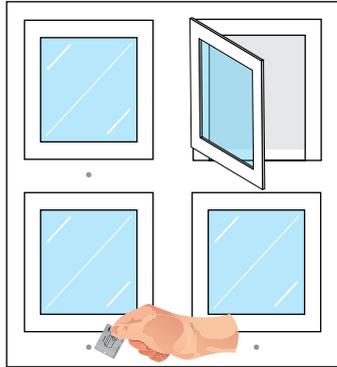

Present an authorized Access Key

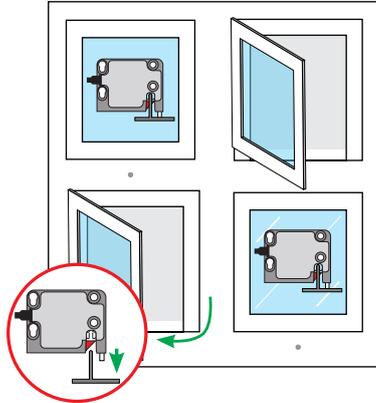

All locks connected to the controller will open.

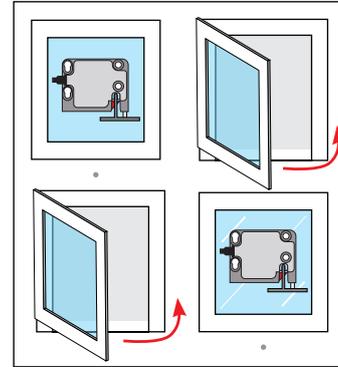

When the showcase is opened, all other locks will close automatically.

To open another door, present an authorized Access Key again.

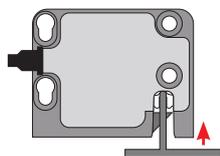

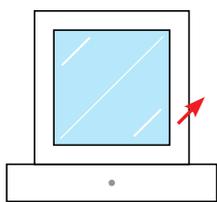

When the showcase is opened, all other locks will close automatically.

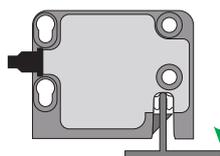

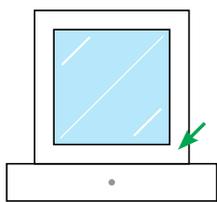

Close the showcase door.

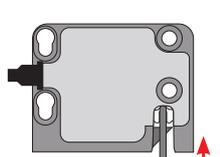

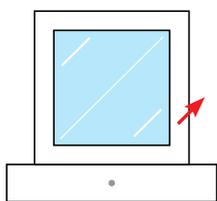

CORRECT DOOR CLOSING. Perform a push and pull test on the door to ensure it's full locked.

1. PUSH INSIDE to CLOSE

2. PULL OUTSIDE to CHECK

3. PUSH INSIDE to REMOVE TENSION

Perform this PUSH-PULL-PUSH closing EVERY time you close a door and drawer!
